ENERGÍA HIDRÁULICA
PARA LA CASA DEL FUTURO

HYDRAULIC ENERGY
FOR THE HOUSE OF THE FUTURE

by YONOH estudio.

www.yonoh.es

YONOH is a multidisciplinary development creative studio founded in by Clara del Portillo and Alex Selma.

The studio is characterized by creating models which differ for their simplicity and functionality, unabashed pieces without leaving the innovation and the originality.

The trajectory of the studio has been awarded several times, receiving the Spanish national award for industrial design INJUVE 2008, a DELTA selection by the Plof lamp in 2009, the Golden ADCV Award for the Nenúfar Parasol in 2009 and have been awarded as finalists in the international prize ROCA Jumpthegap also in 2009. In 2010 Yonoh receives the Wallpaper Design Award for the Nenúfar project, the Emergent Value of the year AD + RADO Award and the Afamour design award for the Zoopark project for the enterprise Mobicpark.

- 07_3er premio CETEM

LA CASA GENERA SU PROPIA ENERGÍA ELÉCTRICA CON UN MOLINO HIDRÁULICO.

THE HOUSE GENERATES ITS OWN ELECTRICAL ENERGY WITH A HYDRAULIC MILL.

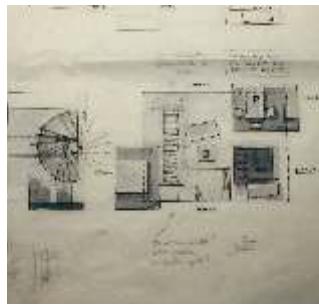

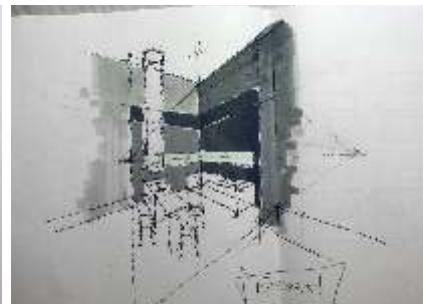

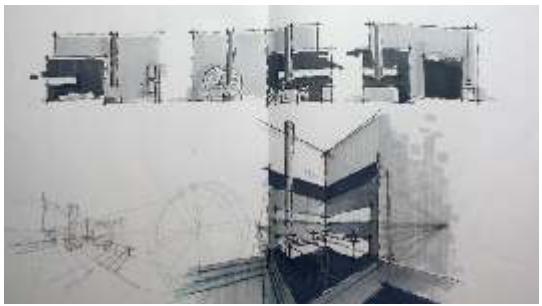

El proyecto "River", se basa en un pequeño loft independiente de 70 m² construido sobre el lecho de un río y utiliza una gran rueda hidráulica para abastecerse de energía. La vivienda se divide en salón, dormitorio, cocina office, baño así como una pequeña terraza.

The project "River", it is based on a small independent loft from 70 m² constructed on a river and uses a great hydraulic wheel to be supplied of energy. The housing divides in lounge, bedroom, kitchen, bath as well as a small terrace.

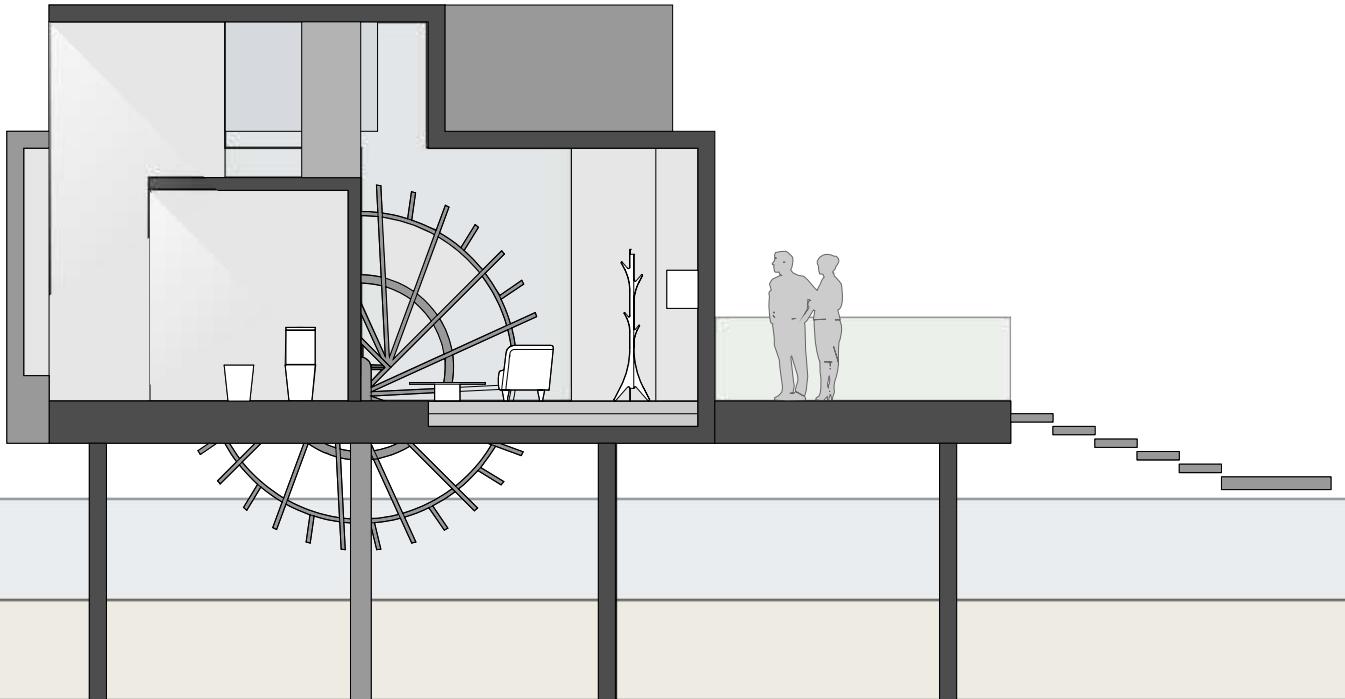

Se le ha dotado también de un porche de entrada. La cocina se encuentra 30 cms por debajo del nivel general del loft y el dormitorio 30 cms por encima, lo que ayuda también a la buena separación de los espacios.

It has been provided also with a porch of entry. The kitchen is 30 cms below the general level of the loft and the bedroom 30 cms above, which helps also to the good separation of the spaces.

UNA CASA DENTRO DE UN RIO

A HOUSE INSIDE A RIVER

El exterior está revestido con dos tipos de granito diferentes, sunset y coal, para destacar las diferentes zonas ya desde fuera. Tanto la terraza exterior como el porche de entrada están realizados con tarima exterior de Iroco.

The outside is redressed in two different types from granite, to emphasize the different zones already from out. Both the exterior terrace and the porch of entry are realized by Iroco's wood.

UNA GRAN RUEDA PROTAGONISTA

A GREAT WHEEL PROTAGONIST

La gran rueda, acristalada y colocada en el interior de la vivienda, se convierte en un elemento predominante y procura cierta intimidad al dormitorio con respecto al resto de la casa.

The great wheel, glazed and placed inside the housing, turns into a predominant element and gives intimacy to the bedroom with regard to the rest of the house.
